

OFFICIALLY ENDORSED BY

The World's Most Collaborative Case Management System for Schools

# The Only Case Management System for School Social Workers Endorsed by SSWAA

**Streamline workflows and reduce administrative burden for school personnel** while supporting vulnerable students and critical mental health programs — *all on one HIPAA-compliant system designed to meet the unique needs of schools.*

Easily record notes and keep them private, even when transferring a file to another school

Screen students for behavioral, health & safety risks with minimal resources

Collaborate & communicate with students, families & key personnel

Measure efficacy by demonstrating student progress

Reduce liability with HIPAA compliance

Standardize best practices throughout a school or district

**ECINS is a game-changing, collaborative solution that enables schools to implement and prove successful interventions to secure future funding.**

## Get a 3-Month, Risk-Free Trial of ECINS

Test drive ECINS and see why this affordable solution is the only one endorsed by the School Social Work Association of America.
